PROVIDENCE COMMENCES 3D SEISMIC SURVEY IN THE PORCUPINE BASIN ADJACENT TO SPANISH POINT AND BURREN DISCOVERIES

Providence Resources P.l.c., (“Providence”) the Irish oil and gas exploration and production company, whose shares are listed in London (AIM) and Dublin (ESM), is pleased to announce that it has, on behalf of itself and its partners, commenced operations for its 3D seismic acquisition project in Frontier Exploration Licence (FEL) 4/08 in the Porcupine Basin, off the west coast of Ireland. Using a vessel supplied by Polarcus Limited, the c. 200 km² 3D survey is expected to run for approximately 15 days. Providence operates FEL 4/08 (32%) on behalf of its partners, Chrysaor E&P Ireland Limited (60%) and Sosina Exploration Limited (8%).

EXPLANATORY NOTES

About Providence

Providence Resources Plc is Irish based oil and gas exploration and production company listed on AIM (London) and ESM (Dublin). Providence's portfolio includes extensive licence interests in Ireland (offshore), the U.K. (onshore and offshore) and West Africa (offshore Nigeria). Providence recently announced a multi-year, multi-well offshore drilling campaign to cover the six basins in which the Company has licence interests offshore Ireland. Providence and partners plan to invest upwards of \$500 million in the drilling of 10 exploration and development wells, with first drilling planned to commence later in 2011. This programme represents the largest drilling campaign ever carried out offshore Ireland. Comprehensive information (press releases and Company reports) are available at www.providenceresources.com.

About Polarcus

Polarcus is a pure play marine geophysical company with a pioneering environmental agenda, specializing in high-end towed streamer data acquisition from Pole to Pole. Polarcus is launching a fleet of modern 3D seismic vessels using the innovative ULSTEIN X-BOW® design and incorporating advanced maritime technologies for improved operational efficiency with a reduced environmental footprint. Polarcus offers contract seismic surveys and multi client projects worldwide and has its principal office in Dubai, United Arab Emirates. For more information, visit www.polarcus.com
